LOCAL CONTROL ACCOUNTABILITY PLAN

As we move through the various components required in the development of our Local Control and Accountability Plan, we are now recruiting parent representatives for both the Elementary and the High School District LCAP Parent Advisory Committees. The Statute requires the inclusion of parents, including parents or legal guardians of targeted disadvantaged pupils in the planning and implementation of the LCFF.

The LCAP Parent Advisory Committee will be a Board appointed committee, which complies with all the requirements of the Brown Act. The LCAP Parent Advisory Committee will receive the draft of the proposed plan and provide the District with feedback and suggestions. The Superintendent must comment in writing to any and all comments or suggestions made by this committee.

State guidelines identify that this LCAP Parent Advisory Committee must be reflective of the demographics of our student population. In the Elementary School District 65% of students are designated as English learners, participate in the Free/Reduced Lunch Program, or are Foster Youth, thus 65% of the committee should be inclusive of these parents.

For this year only site principals are nominating parents from each school site that meet the criteria described and who are interested in representing the entire school on this committee. We anticipate this group will meet 3-4 times, scheduled in the early evening, with a light dinner and childcare available. Also, translation support will be available. The first meeting has not yet been scheduled, but will occur after the April 7th Board meeting, as the Board must approve the members of the Parent Advisory Committee.

All meetings will be open to members of the community. As a Board appointed committee, the agenda for the Parent Advisory Committee will be posted 72 hours before the meeting.

HELP! Have you completed our online survey? If not, you can complete it online, on the District website, www.srcs.org, or you can pick up a printed copy at your child’s school or the District office. Survey closes March 31st.

Thank you!

Michael Watenpaugh, Ed.D
Superintendent
