TO: All Members of the San Rafael City Schools Community:

Each year, a day in early May is designated as California Day of the Teacher. This year the date is May 12, 2010.

Across California, and here in San Rafael, we have the opportunity to recognize, honor, appreciate and celebrate the teachers that comprise the San Rafael City Schools District (SRCS). We know that our teachers make a daily difference in the lives of our students.

I invite you to take this opportunity to let our teachers know the importance of their role and of the positive impact our staff has had to your child (ren) and/or your family. We want to share your acknowledgments with our teachers, and as permissible, post them publicly.

We have generated some prompts that may get you thinking about a particular teacher, and/or a particular memory. These are outlined on the attached sheet.

We hope to receive an abundance of responses that we can pass along our teaching staff, AND, that we can post on our district website. Please share your responses either by email, to superintendent@srcs.org, or you can fax your response to 415.492.3245

Thank you in advance! Your memories, experiences and recollections carry significant meaning to the members of our teaching staff.

Many thanks,

Mike

Michael Watenpaugh, Ed.D.
Superintendent
